TEN CENTS A WEEK

"LOST MY BEST FRIEND," SAID SUPERINTENDENT

Employees of Harriman Greatly Affected Over His Death---Funeral Will Be Held Today.

ARDEN, N. Y., Sept. 11.—Arrangements for the funeral of Mr. Harriman, which is to be held tomorrow, from St. John's Episcopal church, were completed yesterday. The services, which are to be strictly private and attended only by the immediate family and a few life-long friends, will be conducted by the Rev. J. Holmes Guinness at 3:30 p. m.

The active pall-bearers will be the six men in charge of the various departments of Mr. Harriman's estate at Arden and Turner. They are Charles T. Ford, his general superintendent; W. M. Viner, manager of the farm at Arden; William Robbins, superintendent of Mr. Harriman's stock farm; P. W. Mandigo, his master carpenter; E. P. Schultz, master mason, and William A. McClellan, superintendent of the Arden Farm Dairy Company. The list of honorary pall-bearers has not been announced.

Rest in Hillside Grave.

The millionaire's body will rest in a grave blasted from the solid rock of the hillside. This method of burial was adopted when his oldest son, Edward H. Harriman, Jr., was buried twenty-two years ago. The Harriman plot is in a far corner of the graveyard, and the only spot in the inclosure where the blue stone of Tower Hill rises to the surface. Men began work yesterday quarrying out the grave.

A drizzling rain began yesterday morning and little or no work was done in the villages of Turner and Arden. The two hundred or more workmen on the Harriman estate have been laid off until Monday.

William A. McClellan, the superintendent of the Harriman dairies, told a group of workmen at the Turner station that he believed the work of completing Arden house and laying out the grounds would go on after the funeral, according to Mr. Harriman's plans.

"That was his wish," he said, "and I believe it will be carried out."

"Lost My Best Friend."

"I have lost the best friend I ever had," declared Mr. McClellan, "and the best friend of every man here."

"Yes, that's so," said several of his listeners. "There'll never be another boss like him."

The belief here is that the active management of the Tower Hill improvement will devolve upon his oldest daughter. Mary Harriman has always been her father's companion in his walks and drives about the estate. The men say that, in mental make-up, she approaches her father nearer than any of the other children.

Mrs. Harriman, it is said, would be glad to return to the old Harriman farm home at the foot of the hill, which the family occupied when they first came to Arden twenty-two years ago. In spite of all its castled magnificence, "Arden House" to her will always recall the last days of her husband. When the financier came there on August 24 he was already a dying man.

The house has not a cheerful association. The Harriman family has shut itself up alone with its grief. Superintendent McClellan, on their behalf, asked the newspaper men at Turner to make no attempt to reach the house. He said that for a day or two the dead man's nearest relatives who are gathered at the Arden house preferred to receive no visitors of either condolence or business.

The telegraph station at Arden has been kept busy since Thursday afternoon receiving messages of sympathy from all parts of the world. The telegrams are being sent up the hill in baskets, with hundreds of letters that began to pour in yesterday morning. One secretary at the house is kept busy opening and answering these messages.

Peary's Ship Is to Have Honor Place in Parade

NEW YORK, Sept. 11.—Commander Peary's ship, the "Roosevelt," will be one of the features of the Hudson-Fulton naval parade on the opening day of the celebration. The following telegram was received here last night:

"Sydney, C. B., Sept. 10.

"Hudson-Fulton Celebration Committee—Peary Arctic Club applies for position for its steamer 'Roosevelt' with the North Pole intercentennial parades. (Signed)

"H. L. BRIDGMAN."

A favorable reply was promptly sent and the "Roosevelt" will be assigned to a place of honor close to the "Half Moon" and "Clermont," which will lead the parade. In all probability, Peary himself will be on board together with the members of the Peary Arctic Club and possibly other distinguished explorers.

Dr. Cook, it is expected, will be in New York City at the time, but the celebration committee regards it as unlikely that he will be invited to join the Peary party.

Judge Lucius J. Reeves Is Candidate for U. S. Senator

Special to The Sun.

PENSACOLA, Fla., Sept. 11.—Hon. Lucius J. Reeves this afternoon announced his candidacy for United States Senator to succeed Senator Tallaferro, who will also be a candidate for re-election.

Judge Reeves was born in Alabama

in 1861, but was practically reared in Florida, having removed to Walton county when quite young. He served as State Senator for eight years and as circuit judge three years. He is an able speaker and says he will wage a vigorous campaign, and expects to win.

SEA ISLAND COTTON.

Savannah Market Firm Past Week,
With Good Demand.

SAVANNAH, Ga., Sept. 11.—The market for Sea Islands has been firm with a good demand. At first this was mostly for type purposes, but latterly the business was in the regular way. Practically all of the receipts were of new cotton, and the offerings were insufficient to supply the demand, some of which remains unsatisfied. The cotton coming in is generally of a very good quality. The inquiry was mainly for fancy, and extra choice, and quotations show some little advance from the week before.

Crop accounts do not indicate anything better than a modern yield. Reports from Florida, while irregular, are not at all bright. In some sections the crop is said to be all open, and the outlook is for a very short crop. Reports from Georgia are better, some counties reporting good prospects. Sales for the week, 737 bales.

The following prices were based on factors' quotations and are revised weekly on Fridays:

JUSTICE CARLISLE'S COURT.

Charlie Harris, Youthful Prisoner, Arraigned for Fighting.

Charlie Harris, a youthful negro who does not look as though he has yet reached his teens, was arrested by Sheriff Ramsey Friday upon a warrant issued at the instigation of a negro woman, who charged him with assault and battery upon her person.

The youthful prisoner was arraigned in Justice Carlisle's court and the hearing proved quite amusing, the prosecuting witness being large enough to put the defendant in her pocket.

After hearing the story of the boy and other evidence, Justice Carlisle assessed a fine of \$1 and costs, but remitted same pending good behavior. It is needless to add that Charlie left the presence of the Justice a very happy lad, promising in future to behave himself as good boys should.

LAST CHAPTER OF THE SIEGEL MURDER CASE.

NEW YORK, Sept. 11.—After nearly three months' detention as "more than a material witness" in the Elsie Siegel murder case, Chung Sing, the Chinaman, friend of Leon Ling, the suspected murderer, was yesterday released on \$500 bail.

After Chung Sing's arrest he admitted having had knowledge of Miss Siegel's death nine days before the discovery of her body in Leon Ling's room, but he persistently denied knowledge of the manner of her death.

Chung Sing's release from custody is probably the last chapter of a murder mystery which baffled the efforts of the police of the entire country to solve.

FOR ATTACKING NEGRESS WHITE BOY IS WHIPPED.

SPARTANBURG, S. C., Sept. 11.—Infuriated by the attack of a white man on a young girl of their own color, the negroes of a thickly settled neighborhood about two miles from this city, yesterday seized the girl's assailant, and after administering a severe whipping, forced him to leave the country. The sheriff and a posse of citizens, heavily armed, went to the scene of the trouble to avert a threatened race riot.

MEXICO AGAIN VISITED BY SEVERE CLOUDBURST

Presbyterian Mission School at San Juan Cut Off by Water---Big Property Loss.

MEXICO CITY, Sept. 11.—Another terrible flood has visited the Jamiltepec district in the State of Oaxaca.

Sugar plantations and mills have been destroyed, hundreds of head of cattle have been killed, and scores of farm laborers have lost their lives in the waters.

The scene of this latest inundation is in the southern part of the republic, many miles from Monterey and Tamaulipas.

The Atoyac river overflowed its banks and swept miles of a rich country with devastating force. The Jamiltepec district is one of the richest on the Pacific Coast, and it is said that 100,000 persons will suffer from this most recent flood, owing to the great area of land laid to waste.

Flood Sufferers Get Relief.

The initial overflow of the Atoyac river was caused by a cloudburst. The situation in the northern part of the

republic is still serious, in spite of the fact that the flood sufferers in the State of Tamaulipas are receiving their first relief.

News of a number of marooned Americans reached here yesterday. It seems that the Presbyterian Mission School at San Juan has been cut off since the flood. A party under the leadership of W. A. Ross is to go to the rescue. The pupils and teachers are reported to be safe, although suffering from want of food.

Americans Escape in Ox Cart.

A party of Americans consisting of J. E. Goddard and his mother, Stuart Ryan of Oklahoma and Hugh Cockerell reached Linares yesterday evening, after a day trip in an ox cart from the Santa Anna ranch, where they had been staying. The ranch was completely inundated. The Americans took refuge in a nearby mill, making their escape with little more than the clothes they had on their backs.

No New Developments in Millman Murder Mystery

DETROIT, Sept. 11.—On request of Prosecuting Attorney Van Selle of Wayne county, the inquest scheduled for last night at Ford City into the death of Miss Maybelle Millman of Ann Arbor, was postponed until September 24.

The continuance of the coroner's inquest followed the remanding of Dr. George A. Fritch in bond of \$10,000. Dr. Fritch still is held on suspicion of murder in connection with the Millman case, and up to a late hour last

night had not secured bondsmen. Dr. Fritch made a public declaration denying that he had performed a surgical operation upon Maybelle Millman, but admitted that she had visited his office about two weeks ago with Martha Henning, her former companion.

Miss Henning was brought back from Ann Arbor by Sheriff Gaston and is again held at the police station. Captain of Detectives McDonnell declared last night that no developments in the case had occurred.

Farmers' Union in Favor of Compulsory Education

BIRMINGHAM, Sept. 11.—The principal business of the closing session of the National Convention of the Farmers' Union yesterday was the report of the educational committee which was adopted, favoring compulsory education, more country schools, longer terms and more competent teachers.

The organization overwhelmingly voted to increase the salary of the

president to \$3,000 a year. The secretary's salary was raised to \$1,800, and the annual dues of members were increased from 8 to 16 cents a year.

The farmers adjourned without making public the minimum price decided upon for cotton, but it is almost universally understood to be 15 cents.

Mistaken for Chicken Thief Brother Kills Brother

BUTLER, Ga., Sept. 11.—Henry Garrett, a young white man, 25 years old, was shot and accidentally killed by his brother, Napoleon Garrett, Thursday night. They live about two miles west of this place.

Henry had been away from home,

and his returning at a late hour, took a chicken from his buggy which had been given him by an uncle. The noise attracted the attention of the brother, who seized a gun, went to the back door and fired, the lead taking effect in the face, causing almost instant death.

SUNDAY WORK PROHIBITED.

TALLAHASSEE, Fla., Sept. 11.—The Board of Trustees of the Internal Improvement Fund at their last meet-

ing prohibited Sunday work on the dredges of the Everglades drainage operations. It has been the custom for employes to do repair work on the dredges on Sunday.

BROKE MEMORIAL WINDOW.

Number of Boys Playing Ball Smashed Window at Methodist Church.

As a result of reckless ball-playing by a number of boys in the vicinity of the First Methodist church, one of the handsome memorial windows in that edifice was shattered a day or two ago, which means a serious loss to the church.

These boys have been warned a number of times about the danger of breaking windows, but evidently paid no attention to the warning, with the final result that the prophecy of older heads came true.

The window is one of the finest and most expensive in the church, but it is not so much the question of expense in replacing it as the loss, the window being dedicated by a member of the church.

A Narrow Escape.

Edgar N. Bayliss, a merchant of Robinsonville, Del., wrote: "About two years ago I was thin and sick, and coughed all the time and if I did not have consumption, it was near it. PROFESSOR ROLFS IS AGAIN HONORED

ELECTED TO TWO MOST RESPONSIBLE POSITIONS.

Will Return Home Today, After Attending Convention of Association of Experiment Stations.

Prof. P. H. Rolfs, director of the Experimental Station at the University of Florida, is expected to arrive home from an extended Western trip today.

Prof. Rolfs went to attend the annual meeting of the Association of Experiment Stations of the United States, which was held in Portland, Oregon, and of which he had the honor to be president during the past year.

At this meeting Prof. Rolfs was also honored by his election as a member of the Society for the Promotion of Agricultural Science. He was also elected first vice-president of the American Association of Agricultural Colleges and Experiment Stations.

Before going to Portland, Prof. Rolfs spent three weeks in Southern California, where he made a careful study of the citrus conditions in that State, and which will no doubt prove of great value to Florida growers.

Prof. Harry R. Trusler, LL. B., has arrived from the University of Michigan, and will enter upon his duties as professor of law in the law department of the University of Florida.

Prof. Trusler held a similar position at Stetson last year. He is regarded as one of the most competent authorities in law in the country.

Present indications are that the University and grounds will be a scene of constant activity during the coming term. Reservations up to Saturday night numbered 101, and applications continue to arrive by every mail. The University the coming season will enjoy the most successful period of its existence, and the faculty is anticipating the opening with a keen interest.

Best Treatment for a Burn.

If for no other reason, Chamberlain's Salve should be kept in every household on account of its great value in the treatment of burns. It allays the pain almost instantly, and unless the injury is a severe one, heals the parts without leaving a scar. This salve is also unequalled for chapped hands, sore nipples and diseases of the skin. Price, 25 cents. For sale by all druggists.

To Increase Facilities.

Jas. F. Smith, the photographer, expects to leave this morning for Jacksonville, where he goes to inspect and purchase a new machine by which the printing of negatives can be done by electricity in a much quicker way than the old process, by sunlight. He expects to return Tuesday. Mr. Smith is regarded as one of the best artists and photographers in the State, and always keeps his gallery up-to-date in every way.

Judge Mason's Court.

Judge Mason held a session of his court Saturday, the case being a civil one, that of George L. Taylor vs. J. H. Meizer, unlawful detainer. The case was tried by jury, Judge J. A. Carlisle representing the plaintiff, and a verdict was returned for the plaintiff for the amount asked—\$80 and costs.

Your complexion as well as your temper is rendered miserable by a disordered liver. By taking Chamberlain's Stomach and Liver Tablets you can improve both. Sold by all druggists.

A Tonic

Make no mistake. Take only those medicines the best doctors endorse. Consult your own doctor freely. J. C. Ayer & Co., Lowell, Mass.

Tired? Just as tired in the morning as at night? Things look dark? Lack nerve power? Just remember this: Ayer's Sarsaparilla is a strong tonic, entirely free from alcohol. It puts red corpuscles into the blood; gives steady, even power to the nerves; strengthens the digestion.

S.S.S. HEALS SORES AND ULCERS

S. S. S. heals Sores and Ulcers in the very simplest way. It just goes right down into the blood and removes the cause, and the place is bound to heal because the impurities and morbid matters which have been the means of keeping the ulcer open are no longer absorbed from the blood. External applications of salves, lotions, plasters, etc., can never produce a cure because they do not reach the source of the trouble. At best they can only allay pain or reduce inflammation; such treatment is working on symptoms and not reaching the cause. Every nutritive corpuscle in the blood is weakened or infected, they cannot nourish the fibrous tissue around the place, but instead they constantly discharge into the flesh around the sore a quantity of impure, germ-laden matter which gradually eats into the surrounding healthy tissue and causes the ulcer to enlarge. Since impure blood is responsible for Sores and Ulcers, a medicine that can purify the blood is the only hope of a cure. S. S. S. has long been recognized as the greatest of all blood purifiers, possessing the qualities necessary to remove every impurity from the blood. While curing the sore or ulcer S. S. S. brings about a healthy condition of the flesh by supplying it with rich, healthy blood, and thus makes the cure permanent and lasting. Book on Sores and Ulcers and any medical advice free to all who write.

STREET FORCE WILL RESUME WORK AT ONCE

ACTION OF MONDAY NIGHT RE-
SCINDED NEXT MEETING.

Alderman Goodwin Objects, But With-
out Result—New Occupation
Tak Ordinance Passed.

The order, which was made by a motion of Alderman Goodwin at the regular monthly meeting of the City Council Monday night, to stop all street work with the exception of two trash wagons until October 1, was reconsidered at the adjourned meeting Friday night, with the result that the entire street force, with the exception of the city surveyor, were re-instated and instructed to return to work immediately.

Alderman Goodwin, who made the motion on Monday night, strenuously objected to the reinstatement of the force, upon the grounds that the funds for street work were very low, and he was desirous of replenishing the fund from collections of occupational tax in October, when same will be due. Chairman Burnett must have entertained the same idea, as he was the only member of the council at the adjourned session who voted with Alderman Goodwin against the measure of reinstating the force.

Another important act of the council was the passing of the license, or occupational tax ordinance, which has many new and interesting alterations and additions, among which is the taxing of the driver of an automobile \$5 per year, whether said driver owns the machine or not. This provision makes every driver of a machine, whether for profit or pleasure, or whether permanent or temporary, subject to this tax.

"TOO MUCH POLITICS," SAYS FORMER MARSHAL

WEB WAS BEING WOVEN WITH
WONDERFUL ALACRITY.

In Clear, Frank and Concise Manner
B. T. Arnow Presents Resignation
to Council Friday Night.

As was published in The Sun of Saturday morning, at an adjourned meeting of the City Council held Friday night, the resignation of Marshal Ben T. Arnow was presented and accepted by that body.

The circumstances, etc., which caused this resignation have already been published, and our readers are perfectly familiar with them. Marshal Arnow received a telegram calling him to Brunswick, Ga., immediately, and he left the city without securing authority from the proper source, hence he was suspended by Mayor Davis upon this charge. Policeman Owens was sworn in, since which time he has been acting marshal, and the resignation of Mr. Arnow and its acceptance by the council will end the matter.

Marshal Arnow was serving the city for the third term, and it may be said to his credit that he made an able and efficient officer. Mr. Arnow intimated to the reporter that "too much politics" was playing in this game, hence decided to be relieved and save further skirmishing over the matter.

The Resignation.

Following is a copy of the resignation as handed into the council:

"Hon. S. J. Burnett, President City Council, City: Dear Sir—In view of the fact that certain friction has arisen between certain officials of the city government and myself, which may not only produce further discord during the remainder of my term, thereby rendering the discharge of our respective duties unpleasant to all concerned, and probably resulting in damage to the best interests of the city, and as I announced last year during the election of city officers that I did not intend being a candidate for my office again, I consider that harmony will be best promoted and the interests of the city, in whose welfare I am deeply interested as a citizen, be best subserved by my resigning the office of city marshal—which I do—requesting its immediate acceptance by the City Council.

"Yours respectfully,

"B. T. ARNOW.

"September 10, 1909."

THE ELKS ARE PROSPERING.

Many Applications Being Received,
and Others to Follow.

Members of Gainesville Lodge No. 990, B. P. O. E., are very much encouraged over the new growth and interest recently being manifested by the order locally.

A number of applications have been received, and others are expected, as many of our best citizens who have remained out of the order have expressed their intention of joining.

Considering population, Gainesville has one of the largest and most successful lodges in the State, with a beautiful club house, modernly furnished, where members may spend the odd moments pleasantly together.

At the Baird Theatre.

The season at the Baird Theatre will open Monday night, the 13th inst., with Mr. Chas. Manley, the veteran entertainer and lecturer, with his excellent company and his motion talking pictures, which attraction will hold the boards for the entire week at popular prices—10 and 15 cents.

Mr. Manley is the originator of the motion talking pictures, and has presented them with great success in all of the principal cities of America.

The entertainment will be interspersed with real, live comedy by competent artists, and those who attend will be assured of a strictly high-grade exhibition.

NEWS OF CITY AND COUNTY CONDENSED

Mrs. Sarah Bennett of Trenton favored Gainesville friends with a brief visit Friday.

H. Clay Parker, a well-known young man of LaCrosse, son of Capt. H. C. Parker, was a business visitor to the county capital yesterday.

Mrs. E. A. Glover, Misses Grace and Bessie, and Dudley, have gone to Augusta, Ga., where they will spend a few days as guests of relatives.

W. C. Willis and family, who have been residing in this city for the past year, have removed to Oak, where they will make their future home.

Dr. Abernethy, the great English physician, said, "Watch your kidneys. When they are affected, life is in danger." Foley's Kidney Remedy makes healthy kidneys, corrects urinary irregularities, and tones up the whole system. J. W. McCollum & Co.

Dr. J. M. Dell has returned from Ocala, where he went with his wife on Thursday. On Friday, with a number of friends, they enjoyed a picnic on Silver Springs run. Mrs. Dell remained over on account of a social function given by a friend yesterday, but she will return home today.

Among the passengers on the south-bound train over the A. C. L. Friday was Captain S. H. Gaitskill of McIntosh, who was en route home from Westminster, Md., after a pleasant sojourn there. Captain Gaitskill declares he had one of the best times of his life, but he is glad to return to dear old Florida.

"Can be depended upon" is an expression we all like to hear, and when it is used in connection with Chamberlain's Colic, Cholera and Diarrhoea Remedy, it means that it never fails to cure diarrhoea, dysentery or bowel complaints. It is pleasant to take and equally valuable for children and adults. Sold by all druggists.

A TRIO IN TROUBLE.

Three Negroes in Jail, Charged With
Resisting an Officer.

Because they attempted to bulldoze an officer of the same race, and actually ran him off the job, it is alleged, three negroes, Abe McRae, Levy Johnson and Jim Croxton, are now behind the bars of the Alachua county jail, where they will be given time to repent for their indiscreet action until the sitting of the fall term of the circuit court.

Several days ago Sheriff Ramsey went to Long Pond, near Archer, where he levied upon the crops of these men to satisfy land rent. Part of the crops had been harvested, and were stored in the barns of the respective defendants. Sheriff Ramsey detailed and administered the oath of office as a deputy sheriff to Melcher Nelson, a trusted colored man of that locality, who was entrusted with the property, after having the doors to the cribs secured with substantial locks.

Nelson was "on the job" all right, and declared that "dem niggahs" had better "lay low," as he would tolerate no foolishness from them. Nelson was mistaken in this, however, for it is alleged that on the first night the defendants approached the negro deputy, threatened to put him out of commission, with the result that Nelson came to town and reported the matter to the Sheriff who, with Deputy Bruton, went to the place and arrested the trio.

The men were arraigned in Judge Mason's court, and were held in the sum of \$200 each, which they were unable to give, and were remanded to jail.

The authorities in Mobile, Ala., have announced that they will make every effort to enforce the prohibition law. Thursday the sheriff of the county raided the place of Andrew Schroeder, in the business section, and captured over \$1,000 worth of whiskey in all kinds of barrels and bottles. This is the largest single raid.

Every worker, however obscure he may be and however lowly his calling, puts his personality into his work. In other words the work represents not a machine but a human being intellectually and spiritually endued as well as physically. This should always be taken into account when the question of remuneration is considered.

"Starke," says Editor Matthews in his Telegraph, "was the first town in Florida to establish a high school and the smallest town in the United States to install waterworks and electric lighting plant," and then adds: "Of course we are not the smallest town now to own these public utilities—we have been growing during the past six years."

The Lake City Citizen-Reporter says the prospects for a successful term of Columbia College, which will open Wednesday, Sept. 29th, are very bright, indications pointing to the largest attendance in its history. Such reports are coming from all the schools and colleges of Florida and the coming scholastic year bids fair to show a marked advance in the educational progress of the State.

According to The St. Augustine Record, Hastings is now shipping corn. This grain is leaving the station there by the carload and the total product will represent a very substantial sum. A few years ago Hastings, like other sections in the State, imported feed of every kind, but now the fields there produce a surplus and for the past two or three years corn and hay have been shipped from there by the carload, the volume this year being much larger than in the past.

In discussing the high prices of hogs the packer, Cudahy, says it is altogether due to the shortage in hogs. "Hog raising has been a losing game for the farmer for a year and a half, and he has quit the business. A year ago December hogs were selling around 4 cents while the corn was bringing 60 cents a bushel. The farmer the coming year will have plenty of corn, but will not have the stock to feed it to, and in order to get him back to raising hogs, conditions will have to be reversed. We ought to have, and probably will have something like 7-cent hogs and 50-cent corn this year. This will stimulate hog raising, and in twelve months from now we will be getting more hogs."

SAND-LIME BRICK.

The sand-lime brick industry is a comparatively new one in the United States, having had its beginning in Michigan City, Ind., in 1901. Its progress was slow at first, the value of the production in 1903 being only \$155,940. From that time the value increased each year until 1907, when the maximum of \$1,225,769 was reached. In common with other building material there was a decrease in 1908 in the production of sand-lime brick to \$961,226. The number of plants reporting made a rapid growth from 16 in 1903 to 94 in 1907, with a slight decrease in 1908 (to 87).

Common, front, and fancy brick were manufactured from sand and lime in 1908. The average price per thousand for common brick was \$6.63, as against \$6.61 in 1907 and \$6.71 in 1906; for front brick the price was \$12.15, against \$10.96 in 1907 and \$10.42 in 1906. In 1908 common brick composed 83.57 per cent of the value of all bricks and front brick 15.37 per cent.

Thirty States reported both in 1907 and 1908, Alabama dropping out of the list in 1908 and Montana appearing. Of the individual States Michigan, as in 1907, was the leading State in 1908, reporting bricks valued at \$138,509. Florida was second in both years.

An advance chapter of "Mineral resources of the United States, calendar year 1908," contains tables showing the production of sand-lime brick by States in 1907 and 1908. The pamphlet may be had free of cost by applying to the Director, United States Geological Survey, Washington, D. C.

ENCOURAGE COUNTRY TRADE.

An exchange says: "There ought to be a rest room for the farmers' wives in every town. One I visited recently had lunch tables, couches and playthings for the children, and is free to all women. Any country woman will understand what a convenience such a room is after a long drive. The town should look after its country friends." Here is a splendid suggestion to Madison and other towns that are desirous of increasing their country trade. Such a room could be built and equipped at very small cost by the merchants coming together and contributing to the cause. It would prove a wonderful drawing card for our country friends and we venture to assert that its presence would prove a wonderful incentive to increased trade. Let our business men consider the proposition.—Madison Enterprise-Recorder.

The above is a splendid suggestion and could be considered with profit by the business men of Gainesville. The patronage of our country friends should be encouraged in every way possible, and they should be made to feel that it is appreciated.

The establishment and maintenance of a rest room would require but a small outlay, and would no doubt be the means of bringing many to Gainesville who now do their trading elsewhere.

It is a matter to which the Board of Trade should give their attention.

Monopolies and the public good are always at variance for the reason that monopolies exist to enrich the few at the expense of the many. In England as far back as the seventeenth century this was painfully realized when the Stuart kings granted monopolies on salt and other articles to their favorites. The same thing is being realized today in our own land. It is true that monopolies are not granted by any chief executive, but the effect is the same. The growth of corporations until they are able to control the whole business in their several lines and the obtaining of unfair land, water, mineral and timber concessions from a government create monopolies just as absolute and just as vicious in their operations as any old world or old time monopolies granted by despotic kings. To defeat and stop such a system that the public good may triumph over private greed calls for constant vigilance, determination and the intelligent exercise of those legitimate powers which the law rightly vests in the people. In other words, the remedy is to be found in the choice of law makers who will honestly represent the people, in supporting them when the choice is made, and in promptly punishing those who may be disloyal to their trust.

Vagaries of a Cold.

You can never be quite sure where a cold is going to hit you. In the fall and winter it may settle in the bowels, producing severe pain. In the summer it may give you colic with diarrhoea or summer complaint. Do not be alarmed nor torment yourself with fears of appendicitis or inflammation of the bowels. At the first sign of the pain or cramp take Perry Davis' Painkiller in warm, sweetened water and relief will come at once. There is but one Painkiller, Perry Davis'. It is now put up in a large 35c size as well as the regular 50c size.

HIDDEN DANGERS

Nature Gives Timely Warning That No Gainesville Citizen Can Afford to Ignore.

DANGER SIGNAL NO. 1 comes from the kidney secretions. They will warn you when the kidneys are sick. Well kidneys excrete a clear, amber fluid. Sick kidneys send out a thin, pale and foamy, or a thick, red, ill-smelling urine, full of sediment and irregular of passage.

DANGER SIGNAL NO. 2 comes from the back. Back pains, dull and heavy, or sharp and acute, tell you of sick kidneys and warn you of the approach of dropsy, diabetes and Bright's disease. Doan's Kidney Pills cure sick kidneys and cure them permanently. Here is proof in the statement of a nearby resident:

Mrs. Elizabeth Moore, Madison avenue, Starke, Fla., says: "For some time I suffered from dull, nagging backaches and distressing pain through my loins. I could not rest well and arose in the morning feeling tired and worn out. My kidneys were sluggish and the secretions very unnatural. I at length procured Doan's Kidney Pills and they gave me the desired relief promptly. I have since been free from backaches and pains through my loins and my kidneys are normal. I am feeling better generally and give Doan's Kidney Pills the credit."

AFTER SUFFERING TEN YEARS

Cured by Lydia E. Pinkham's Vegetable Compound

MARLTON, N. J.—I feel that Lydia E. Pinkham's Vegetable Compound has

given me new life. I suffered for ten years with serious female troubles, inflammation, ulceration, indigestion, nervousness, and could not sleep. Doctors gave me up, as they said my troubles were chronic. I was in despair, and did not care whether I lived or died, when I read about Lydia E. Pinkham's Vegetable Compound; so I began to take it, and am well again and relieved of all my suffering."—Mrs. GEORGE JORDY, Box 40, Marlton, N. J. Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs, contains no narcotics or harmful drugs, and to-day holds the record for the largest number of actual cures of female diseases we know of, and thousands of voluntary testimonials are on file in the Pinkham laboratory at Lynn, Mass., from women who have been cured from almost every form of female complaints, inflammation, ulceration, displacements, fibroid tumors, irregularities, periodic pains, backache, indigestion and nervous prostration. Every suffering woman owes it to herself to give Lydia E. Pinkham's Vegetable Compound a trial.

If you would like special advice about your case write a confidential letter to Mrs. Pinkham, at Lynn, Mass. Her advice is free, and always helpful.

WALDO NOTES.

WALDO, Sept. 11.—Conductor S. L. Kramer of the S. A. L. railroad recently returned from an extended tour of sixteen thousand miles—illustrating the vastness of our country. He set out for the Northwest and took in Washington State and British Columbia, then returned by way of Colorado and Mexico, barely getting out of the latter before the flood. He saw the great sights of the parts of the country visited and also called on two sisters and a brother, whom he had not seen for a number of years. He met with friends who were also very kind in taking him around.

The Waldo House is open again with Mr. Folks at the head of its management, who is one of the recent purchasers of that valuable hostelry. The public may be assured of improvements and up-to-date service. Mrs. Dr. Jolly and daughter, Mrs. Harvard, have been ill but are out again.

A revival meeting has been in progress a week at the Methodist church. The pastor, Rev. Barr, is aided by Evangelist McCall. The services are of growing interest and enlarging attendance. All denominations are in sympathy with this movement for the moral betterment of the community. Much good is already done.

James Strickland has had his brick block repainted, Mr. Green of Gainesville doing the work creditably.

Contractor Frank Jolly has finished up the addition to Mr. Hedley's residence and the new fence around it, which makes a great difference for the better in appearance and comfort.

The Misses Godbey are preparing to attend the State College at Tallahassee, which received high recommendation in the graduation of Miss Effie Pettit with first honor at the end of the last term, who now becomes first assistant in our public high school.

Mr. Fletcher, baker at Renault's, has been in Atlanta some months for his health, but Mrs. Fletcher has a letter from Dr. Coffee there that he still declines, and she will go to him at once. Their friends here are very anxious concerning him.

Mr. Heathcote of Starke has moved here and accepted one of Williams' cottages. He has employment on the S. A. L. railroad.

The opening of the public school has been postponed until the 29th inst. Mrs. DeSha, one of our oldest citizens, has been quite ill.

Mrs. Johns, wife of our market man, has been ill with fever several days. The Baptist Young People's Union had a picnic at Earleton on Friday which was well attended, and a big dinner and bathing were features of the occasion. All had a fine time. A select party was made up and

went for a day's outing on Saturday to Newnan's lake. Miss Daisy Hicks, Will Tillis, Miss Alice Strickland, Mrs. Finlayson, Miss Ophelia Touchstone, Misses Emma and Bernice Entenza were among the number.

Misses Ora and Loraine Porter are visiting their uncle, Engineer Porter.

Mrs. W. B. Ennis of Tampa, after a month's visit to her parents, Rev. and Mrs. D. L. Branning, went on to Starke to visit her sisters, Mesdames Chace and Morgan. W. B. Ennis was up and remained over Sunday. He is manager of Gunn's wholesale grocery and grain business.

REX NOTES.

REX, Sept. 11.—John Baxley is busy picking cotton. He expects to get about 12 bales.

L. Crosby moved to Waldo on Monday, where he will reside in the future.

Charlie Caldwell and Miss Christian Waters will be united in matrimony tomorrow, 12th inst.

Geo. Fletcher passed through this place last Monday en route for Ocala and other points of interest in the State.

E. Beck of Melrose returned to his home place Wednesday.

J. H. Nelson of this place and Wm. Baxley of Melrose were guests of B. Nobes last Tuesday.

Dutton Bank Test.

By invitation, quite a number of city and county people visited the Dutton Bank Saturday, when a demonstration of the new burglar alarm system was made, with Expert W. H. Norton, of Columbia, S. C., on hand to show the efficiency of his system against possible safe-crackers. The demonstration proved conclusively that this system was all that was claimed for it, and those who witnessed it went away perfectly satisfied.

Each visitor was given a handsome souvenir—a plate with the picture of the bank on the bottom.

HAIR NATURALLY ABUNDANT.

When It Is Free of Dandruff, It Grows Luxuriantly.

Hair preparations and dandruff cures, as a rule, are sticky or irritating affairs that do no earthly good. Hair, when not diseased, grows naturally, luxuriantly. Dandruff is the cause of nine-tenths of all hair trouble, and dandruff is caused by a germ. The only way to cure dandruff is to kill the germ; and, so far, the only hair preparation that will positively destroy the germ is Newbro's Herpicide—absolutely harmless, free from grease, sediment, dye matter or dangerous drugs. It allays itching instantly; makes hair glossy and soft as silk. "Destroy the cause, you remove the effect." Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

YOUNG LAWYER'S SUCCESS.

Frank Clark, Jr., Associated With Prominent Pensacola Firm.

Congressman Frank Clark, who is today in the city from Gainesville attending to business and "glad-handing" his many friends, states that his son, Frank Clark, Jr., has secured a position with the noted law firm of Blount & Blount & Carter, of Pensacola, headed by W. A. Blount, who is beyond doubt one of the leading lawyers of the country, on account of which the genial Representative wears a smile of decided satisfaction. This is natural, as any young lawyer is fortunate, indeed, to begin his career with such a firm.

Young Clark is a graduate of the law department of the University of Georgia, and stood among the top-notchers at the time of his graduation. He possesses many of his father's gifts, including his eloquence and powers of logic, and not many years will pass before he is heard from in the field of law and politics in Florida.—Jacksonville Metropolis, 10th.

As to Luck.

"I wonder if anybody's as unlucky as I am," grumbled the first pessimist. "I never have any luck at all." "Hub!" snorted the other. "You're lucky. It's better to never have any luck at all than to be always having bad luck like me."—Philadelphia Press

Good for Biliousness.

"I took two of Chamberlain's Stomach and Liver Tablets last night, and I feel fifty per cent better than I have for weeks," says J. J. Firestone of Allegan, Mich. "They are certainly a fine article for biliousness." For sale by all druggists. Samples free.

HAS MOVED TO JACKSONVILLE.

El Entenza Cigar Factory Will Increase Its Capacity.

John P. Entenza, proprietor of the El Entenza Cigar Factory, was in the city Saturday, being en route to Waldo from High Springs, Alachua and other points, where he has been in the interest of his line.

Mr. Entenza has been operating at Waldo for many years, but has just removed his factory to Jacksonville, where he will greatly increase his facilities. While the people of Waldo regret very much this removal, they will wish Mr. Entenza increased success in his new location.

Health and Beauty Aid.

Cosmetics and lotions will not clear your complexion of pimples and blotches like Foley's Orino Laxative, for indigestion, stomach and liver trouble and habitual constipation. Cleanse the system and is pleasant to take. W. McCollum & Co.

Tonsorial Triumph.

"What was the best job you ever did?" inquired the first barber. "I once shaved a man," replied the second ditto. "Well?" "Well, then I persuaded him to have a hair cut, singe, shampoo, face massage, sea foam, electric buzz, tar spray and finally a tonic rub." "What then?" "By that time," concluded barber No. 2, "he needed another shave."—London Answers.
